

Lab 01-

Creating Roles

The screenshot shows the FortiSIEM Admin interface for editing a role named 'Lab1 - Manager View'. The breadcrumb trail is 'All Settings > Role > Role Management > Edit Role Lab1 - Manager View'. The left sidebar contains 'Setup', 'Device Support', 'Health', 'License', and 'Settings' (highlighted in orange).

Role Name: Lab1 - Manager View

Description:

Data Conditions:

Creating new Users:

The screenshot shows the FortiSIEM CMDB interface. The breadcrumb trail is 'CMDB > Users > My Local admins'. The left sidebar contains 'Devices', 'Applications', 'Users' (highlighted in orange), 'Business Services', and 'CMDB Reports'. The top navigation bar shows 'DASHBOARD', 'ANALYTICS', 'INCIDENTS', 'CASES', 'CMDB', 'RESOURCES', 'TASKS', and 'ADMIN'.

Reviewing Incoming Data

Reviewing Structured Data

The screenshot displays the FortiSIEM Analytics interface. The main window shows a list of events with columns for Event Receive Time, Reporting IP, and Event Type. An 'Event Details' modal window is open, displaying the raw event data as a JSON object and a structured table of fields.

Event Details Modal:

Search: Lines: 42

Display	Filter	Item	Value
☒	☒	Application Protocol	https
☐	☐	Collector ID	1
☐	☐	Count	1
☐	☐	Description	Admin login successful
☐	☐	Destination Host Name	HOST-192.168.3.2

Reviewing Event Classification

The screenshot shows the FortiSIEM interface with the 'Resources' tab selected. The breadcrumb navigation is 'Resources > Event Types > Security > Logon Failure > Dev Account Locked'. The left sidebar lists various event types under 'Security > Logon Failure', with 'Dev Account Locked' highlighted. The main panel displays a table with columns: Event Type, Description, Device Type, CVE IDs, Severity, and Scope. The table contains one entry: 'Win-Security-4740' with description 'A user account was locked out', device type 'Microsoft Windows', severity 'High (sev10)', and scope 'System'. Below the table is a 'Summary' section with details: Name: Win-Security-4740, Description: A user account was locked out, Device Type: Microsoft Windows, Severity: 10, Member Of: /Security/Logon Failure/Dev Account Locked, /Security/Logon Failure/Domain Account Locked, and CVE IDs: (empty). The footer shows 'Copyright © 2021 Fortinet, Inc. All rights reserved.', 'Organization: Super User: admin Scope: Local', and 'FortiSIEM 6.3.2 (0343)'.

Reviewing Event Enrichment

The screenshot shows the FortiSIEM interface with the 'Analytics' tab selected. The breadcrumb navigation is 'Analytics > Real-time events for 172.16.1.3'. The left sidebar shows 'Reporting IP = 172.16.1.3 OR Reporting IP = 192.168.20.2'. The main panel displays a table with columns: Event Receive Time, Reporting IP, and Event Type. The table contains two entries: 'Nov 24 2025, 10:57:38 AM' with Reporting IP '172.16.1.3' and Event Type 'PAN-OS-SYSTEM', and 'Nov 24 2025, 10:57:38 AM' with Reporting IP '192.168.20.2' and Event Type 'IOS-SEC_LOGIN'. An 'Event Details' dialog box is open, showing details for the event: '188-84354: Dec 6 08:15:20: NSSEC_LOGIN-4-LOGIN_FAILED: Login failed [user: kyle.nelson] [Source: 192.168.135.125] [localport: 22] [Reason: Login Authentication Failed - BadPassword] at 08:15:20 PST Mon Aug 6 2014'. The dialog box also shows a table with columns: Display, Filter, Item, and Value. The table contains 12 entries: Collector ID (1), Count (1), Destination City (London), Destination Country (United Kingdom), Destination Country Code (GB), Destination Host Name (HOST-192.168.20.2), Destination IP (192.168.20.2), Destination Latitude (51.50735), Destination Longitude (-0.12776), Destination State (England), Destination TCP/UDP Port (22), and Device Time (Dec 06 2025, 07:15:20 AM). The footer shows 'Copyright © 2021 Fortinet, Inc. All rights reserved.', 'Organization: Super User: admin Scope: Local', and 'FortiSIEM 6.3.2 (0343)'.

Reviewing Performance Event

Lab 3-Discovery

Inspecting Syslog Data

Adding Credentials and IP Ranges for a Single Device

The screenshot shows the FortiSIEM interface with a modal window titled "Discover - FortiGate Firewall". The modal contains a table with the following data:

Organization	IP	Status	Name	Type	Access	Sys Monitor	App Monitor
Super	192.168.30.42	succeeded	FAP321C-default	Fortinet FortiAP			
Super	192.168.30.40	succeeded	FAP320C-default	Fortinet FortiAP FP...			
Super	192.168.3.1	succeeded	FG240D3913800441	Fortinet FortiOS Fo...	Global SNMP(SNMP)	VPN Connections,Pr...	Fortinet WTP Metri...

At the bottom of the modal, there is a blue bar with the text "Discovery Completed." and a "Close" button.
